CAUTION:

Some parts have metal edges. Please be careful when handling components. Always wear work gloves, eye protection and long sleeves when assembling or performing any maintenance on your shed.
Do not attempt assembly on days with strong winds or low temperatures.
Please periodically check that screws are firmly tightened.

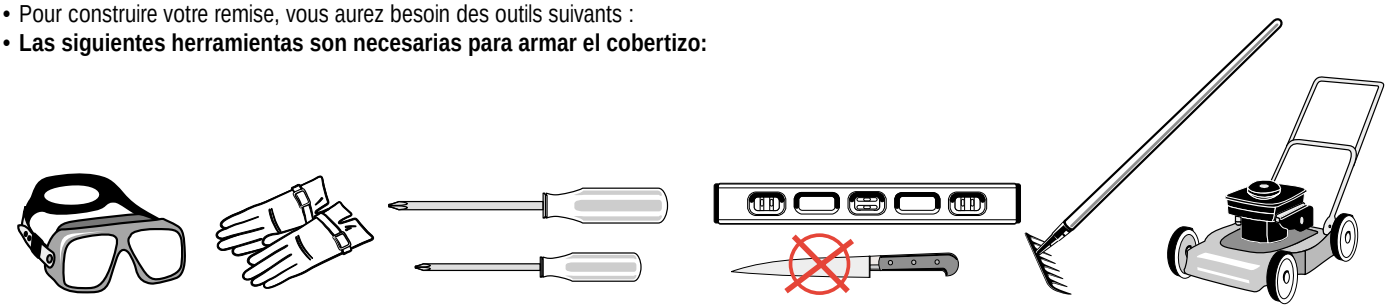
AVERTISSEMENT:

Certaines pièces ont des bords en métal. Soyez prudent en les manipulant. Portez toujours des gants de travail, des lunettes de protection et des vêtements à manches longues lors de l'assemblage ou de l'accomplissement d'activités de maintenance sur votre abri.
N'essayez pas de réaliser le montage les jours de grand vent ou de grand froid.
Veuillez vérifier régulièrement que les vis sont bien serrées. Ne montez jamais sur le toit.

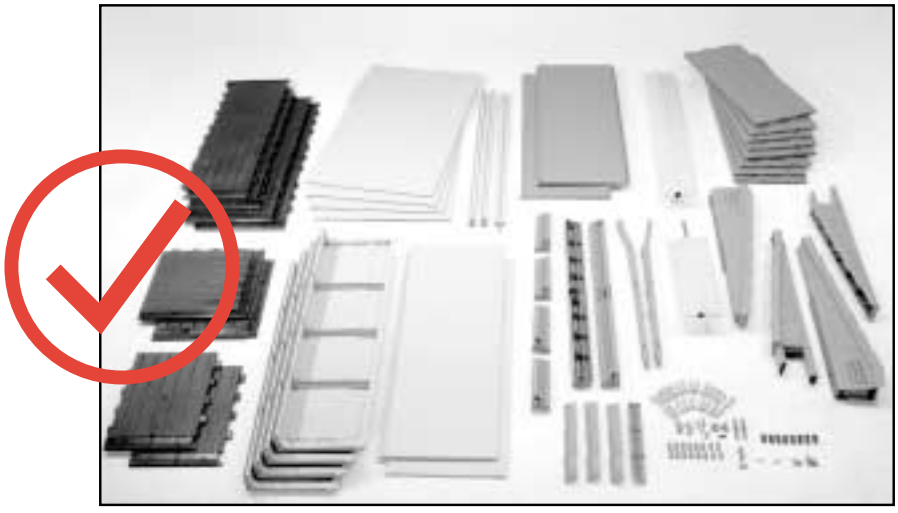
ADVERTENCIA:

Algunas partes incluyen bordes metálicos. Tenga cuidado al manejar estos componentes. Use siempre guantes de trabajo, anteojos protectores y mangas largas para armar el cobertizo o realizar cualquier tarea de mantenimiento en el mismo.
No intente armar el cobertizo en días de viento fuerte o de baja temperatura.
Compruebe periódicamente que los tornillos estén bien ajustados.

- **The following tools are required for shed assembly:**
- Pour construire votre remise, vous aurez besoin des outils suivants :
- **Las siguientes herramientas son necesarias para armar el cobertizo:**



- **Remove all of the pieces from the two packages and spread them out on the ground.**
- Videz les deux paquets et étalez toutes les pièces sur le sol.
- **Retire todas las piezas de los dos paquetes y distribúyalas sobre el suelo.**



BEFORE STARTING ASSEMBLY

• Review all instructions before you begin, continue to refer to instructions during assembly. Be sure to follow all steps thoroughly.

Selecting and Preparing your Site:

• Choose your site carefully before beginning assembly, site surface needs to be level.
• Parts are color coded in instructions to indicate which parts shall be used during a given stage. Please prepare these components in advance at the beginning of each stage.

AVANT DE COMMENCER LE MONTAGE

• Lisez bien toutes les instructions avant de commencer et continuez à vous y référer pendant le montage. Assurez-vous de suivre scrupuleusement toutes les étapes.

Choix et préparation de l'emplacement :

• Choisissez soigneusement l'endroit d'installation avant de commencer le montage, la surface de l'endroit désigné doit être parfaitement plane.
• Les pièces sont présentées suivant un code de couleurs dans les instructions pour indiquer clairement celles à utiliser à chaque étape. Veuillez les préparer à l'avance au fur et à mesure des étapes.

ANTES DE EMPEZAR EL ARMADO

• Lea todas las instrucciones antes de empezar, y siga remitiéndose a ellas durante el armado. Asegúrese de seguir todos los pasos con atención.

Elija y prepare el sitio:

• Elija el sitio con cuidado antes de empezar el armado; la superficie del mismo debe estar nivelada.
• Observe que las partes están codificadas con colores diferentes en las instrucciones para indicar qué parte se debe usar en cada etapa. Se recomienda preparar las partes antes de empezar cada etapa.

Level the Ground

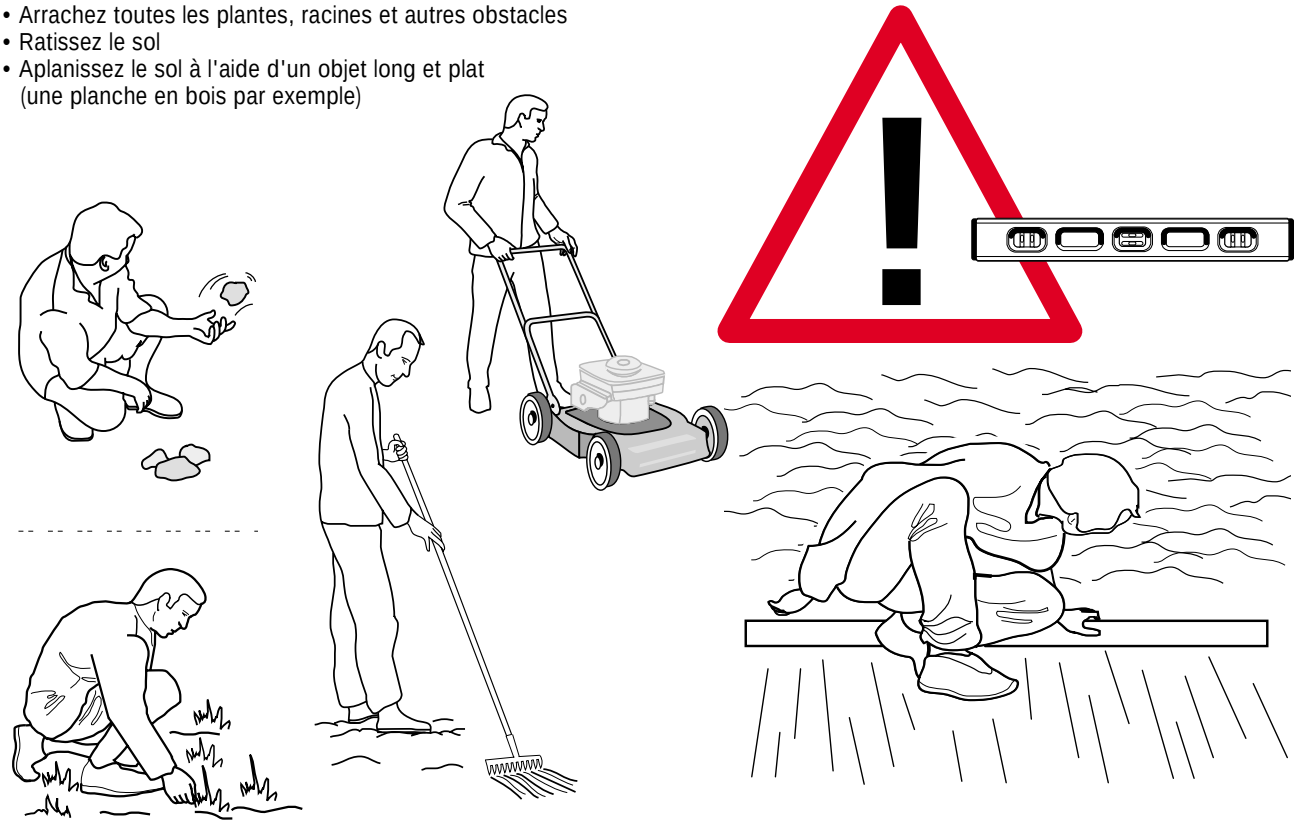
• Clear area of stones
• Remove all plants, roots and other obstacles
• Rake the ground
• Make ground level using a long, flat object (e.g. wood beam)

Nivele el suelo

• Saque las piedras del área.
• Retire todas las plantas, raíces y otros obstáculos.
• Rastrille la tierra.
• Nivele el suelo usando un objeto largo y plano (por ejemplo, una viga de madera).

Nivellement du sol

• Retirez toutes les pierres
• Arrachez toutes les plantes, racines et autres obstacles
• Ratissez le sol
• Aplanissez le sol à l'aide d'un objet long et plat (une planche en bois par exemple)



Note: No extension kit available for this unit.
Note : Il n'existe pas de kit d'agrandissement disponible pour cette unité.
Nota: No hay equipo de extensión disponible para esta unidad.

LIMITED 7-YEAR WARRANTY

Keter's renowned reputation for fine products is a result of its dedication and commitment to quality, design and innovation.
The entire range of sheds and boxes is manufactured from high quality materials under rigorous control and supervision.
In case a problem should occur, please address your claim to customer service either by phone or through our web site: www.outstanding-keter.com. The warranty commences from date of purchase and a dated proof of purchase should be presented on request.
Keter continuously tests its products for durability & stability and will replace, at its discretion, any product or part which fails due to structural defect or faulty workmanship, or which fails due to fading of color, for a 7-year period from the initial date of purchase.
Damage caused by: use of force, incorrect handling, inappropriate use, neglect, commercial use or use other than for personal or household purposes; damages resulting from alteration, painting, or assembly not in accordance with the User's Manual; and damages caused as a result of storage above the capacity load of the product, are excluded from this warranty.
After a claim has been settled the guarantee will continue to run to its expiry date.
Please note that the products are produced from the finest raw materials, which are "clear": non-toxic and completely recyclable.

GARANTIE LIMITÉE DE 7 ANS

La renommée croissante de Keter pour l'excellence de ses produits est le fruit de son engagement pour la qualité, la création et l'innovation.
La gamme complète d'abris de jardin et de coffres a été fabriquée avec des matériaux de qualité, sous contrôle rigoureux.
En cas de problème, veuillez adresser votre réclamation au service clientèle, par téléphone ou par le biais de notre site Internet : www.outstanding-keter.com. La garantie prend effet à compter de la date d'achat et une preuve d'achat datée devra être présentée sur demande.
Keter teste constamment la solidité et la stabilité de ses produits et remplacera, si elle le juge nécessaire, tout produit ou partie de produit avéré défectueux du fait d'un défaut de fabrication ou de l'altération des couleurs, pendant une période de 7 ans à compter de la date d'achat.
Les dommages causés par l'usage de la force, un maniement impropre, une utilisation inappropriée du produit, une négligence, un usage commercial ou un usage à des fins non privées ; de même que les dommages résultant d'une modification, d'une coloration ou d'un assemblage non effectué en conformité avec le manuel de l'utilisateur, ainsi que les dommages causés par un stockage dépassant la capacité pondérale du produit, sont exclus de cette garantie.
Après avoir formulé votre réclamation, la garantie restera valide jusqu'à sa date d'expiration.
A noter que les articles sont fabriqués avec des matières premières de qualité supérieure, déclarées non toxiques et entièrement recyclables.

GARANTÍA LIMITADA POR 7 AÑOS

La afamada reputación que Keter ha ganado por sus excelentes productos es el resultado de su dedicación y compromiso hacia la calidad, el diseño y la innovación.
La gama completa de cobertizos y cajas se fabrica con materiales de óptima calidad y bajo estrictos controles y supervisión.
En caso de surgir algún inconveniente, rogamos tenga a bien elevar su queja al servicio de atención al cliente, ya sea vía telefónica o a través de nuestro sitio en la Web: www.outstanding-keter.com. La garantía entra en vigencia a partir de la fecha de compra y al solicitarla, deberá presentar un documento que evidencie la fecha de compra.
Keter pone a prueba sus productos en forma constante para determinar la durabilidad y estabilidad de los mismos. A su criterio, reemplazará todo producto o parte del mismo que presente fallas como consecuencia de un defecto estructural o de mano de obra, o que se deteriore por decoloración, durante un período de 7 años, contados a partir de la fecha de compra inicial.
Los daños causados por: el uso de la fuerza, la manipulación incorrecta, la utilización inadecuada, el descuido, el uso comercial o con un propósito diferente del personal o doméstico; los daños que resultaran de modificaciones, pinturas o armado no realizados de conformidad con las explicaciones del Manual de Instrucciones; y los daños causados por exceder la capacidad de carga de almacenamiento del producto, quedan excluidos de esta garantía.
Una vez que se resuelve el reclamo, la garantía seguirá en plena vigencia hasta su fecha de vencimiento.
Nota importante: todos los productos se fabrican con la mejor materia prima disponible en plaza, que es "ecológica", no tóxica y completamente reciclable.

CARE & SAFETY

- Please consult your local authorities if any permits are required to erect shed.
- Periodically check shed to assure that it remains stable and that the site remains level.
- It is highly recommended that you secure the shed to an immovable object or to the ground by drilling holes in the floor at the pre-marked locations and inserting stakes through them into the ground.
- Wear safety-goggles and always follow the manufacturer's instructions when using power tools.
- Wash shed with garden hose or a mild detergent solution. Using a stiff brush or abrasive cleaner could damage shed.
- Hot items such as recently used grills, blowtorches, etc. must not be stored in the shed.
- Heavy articles should not be leaned against the walls, as this may cause distortion.
- Keep roof clean of snow and leaves. Heavy amounts of snow on roof can damage the shed making it unsafe to enter.
- Keep doors closed and locked to prevent wind damage.
- **Do not stand on the roof.**
- Shed not designed for habitation.

PRÉCAUTIONS ET SÉCURITÉ

- Veuillez consulter les autorités locales de votre commune pour savoir si un permis est nécessaire à la construction de votre remise.
- Vérifiez régulièrement la stabilité de votre remise et l'horizontalité de son site de construction.
- Il est fortement recommandé de fixer la remise à un objet immobile ou au sol en perçant des trous sur son plancher au niveau des marques préparées et d'y insérer des pieux jusqu'au sol.
- Portez des lunettes de protection et suivez toujours les instructions du fabricant lorsque vous utilisez des outils électriques.
- Lavez la remise au tuyau d'arrosage ou avec un détergent doux. Utiliser une brosse dure ou un produit d'entretien abrasif risquerait de l'endommager.
- Des objets chauds tels que des grils non refroidis, des chalumeaux, etc. ne doivent pas être entreposés dans la remise.
- Ne pas déposer d'objets lourds contre les parois afin d'éviter tout risque de déformation.
- Maintenez le toit propre et dégagé de neige et de feuilles. De lourdes quantités de neige sur le toit peuvent abîmer la remise et rendre dangereux l'accès à l'intérieur.
- Veillez à fermer les portes à clef pour éviter tout dégât provoqué par le vent.
- **Ne montez jamais sur le toit.**
- Abri non conçu pour habitation.

CUIDADO Y SEGURIDAD

- Consulte a las autoridades locales si se requiere algún permiso para instalar el cobertizo.
- Verifique el cobertizo periódicamente para corroborar que esté estable y que el suelo esté nivelado.
- Recomendamos especialmente que sujete el cobertizo a un objeto inmóvil o al suelo. Para ello, perfore el piso en ciertos puntos marcados previamente e inserte estacas en dichos orificios para asegurar la fijación al suelo.
- Use anteojos protectores; al usar herramientas eléctricas, siga siempre las instrucciones del fabricante.
- Lave el cobertizo con una manguera para jardín o una solución que contenga un detergente suave. La utilización de un cepillo duro o de un producto de limpieza abrasivo podría dañar el cobertizo.
- Los objetos calientes -como por ejemplo, las parrillas recién usadas, sopletes, etc.- no deben guardarse en el cobertizo.
- Se recomienda no apoyar artículos pesados contra las paredes, pues esto podrá ocasionar deformaciones.
- Mantenga el techo libre de nieve y hojas. Grandes cantidades de nieve sobre el techo pueden dañar el cobertizo y hacer peligrosa la entrada al mismo.
- Mantenga las puertas cerradas y trabadas para evitar los daños producidos por el viento.
- **No se pare sobre el techo.**
- El cobertizo no es apropiado para vivienda.
